

ECSSMET
Braunschweig
Germany **2026**

International Conference on **European Conference**
on Spacecraft Structures, Materials and Environmental Testing
(ECSSMET 2026)

Braunschweig, Germany

21 to 25 September 2026

Welcome to ECSSMET2026

We welcome organizations to consider becoming a partner
European Conference on Spacecraft Structures, Materials and Environmental Testing (ECSSMET 2026)!

The Conference is co-organized by ESA, DLR and CNES.

The event will be held from **21 to 25 September 2026**.

The partnership (classical exhibitor or sponsor) is a great way to increase your exposure to participants and show your support of the ECSSMET 2026 and its mission.

Several partner packages have been developed to meet diverse organisational needs.

Setup of the booths will take place on Sunday, 20 September 2026.

If you have any questions regarding the conference programme, please contact: ECSSMET@dlr.de

Why support ECSSMET2026

Partnering with ECSSMET 2026 offers organisations a unique opportunity to engage with the international spacecraft engineering and environmental testing community and to position themselves at the centre of discussion and exchange across structures, materials and testing disciplines.

Discussion and Exchange of Experience

The aim of the European Conference on Spacecraft Structures, Materials and Environmental Testing is to promote and facilitate discussion and exchange of experience and information among members of the various mechanical engineering disciplines and environmental testing community concerned with spacecraft development, assembly, integration and verification.

International Conference and Technical Scope

Scientists, researchers, and engineers from all over the world are invited to participate in this international conference. The conference sessions are devoted to mechanical architecture, design and engineering, structures, materials, structural dynamics, environmental testing and in-flight experiments, and include plenary and splinter sessions, poster sessions, round tables, mini workshops and a technical exhibition.

Exhibition Area - Overview

ECSSMET2026

The Exhibition Area at the ECSSMET 2026 is located in the Foyer, Salon Omaha, and Salon Bandung on the ground floor of the venue Steigenberger Parkhotel Braunschweig.

There will be totally 10 exhibition booths on site. The individual booth locations are marked in red on the floor plan.

Each exhibitor can select a suitable booth; all bookings and reservations of booth must be handled via DLR Exhibition Management (contact details can be found on the previous page). We will verify the availability of your desired booth.

Exhibition Area - Overview

ECSSMET2026

Please note:

- The allocation of exhibition booth is carried out by DLR and requires prior consultation / agreement for a binding reservation. DLR Event Management Support is your contact for the Exhibition Management.

The partnership program of ECSSMET 2026 offers companies the option of **choosing either the contractual sponsorship model** (also with an exhibitor booth) or the exhibitor model – you decide and let us know which role best suits your company here, **as the type of costs and their tax treatment differ between the sponsorship and exhibitor models in terms of contract design**, the registration process and invoicing.

- In the case of sponsorship, DLR will conclude a sponsorship agreement with you and DLR will issue the sponsoring invoice shortly before the event and forward the invoice to the recipient address you have provided. The sponsor company only needs to provide their VAT number and address, where to send the invoice per email to. Sponsor registration will now be available.
- If you want to be an exhibitor with exhibitor invoice model, you will receive later the exhibitor invoice from our provider, who collects the fees for participants and fee of classic exhibitors. Registration as a classic exhibitor will also now be available.

Additional Guest Tickets for Partners

ECSSMET 2026

Additional Guest Tickets

If you would like to bring other interested person(s) (e.g. your customers or employees) to ECSSMET 2026, please, contact the exhibition management.

Bringing an additional person to the event is subject to availability and is not free of charge.

If you, as a exhibitor, would like to bring additional people/ staff to the conference, we will offer extra tickets (see overview).

Please note that the additional tickets listed do not include access to the scientific programme. Should you wish to have additional staff at your booth who would also like to attend the scientific sessions, these would need to register as regular participants via the official registration process and pay the corresponding [participation fee](#).

You will find more information the website [ECSSMET 2026](#).
